

## Member Testimonials

"More than an ordinary health club, the Trump Spa helps me exercise my mind as well as my body. This retreat is perfectly designed to assist its members reach their fitness goals as well as calm the mind..."

"I was not even remotely considering the Trump Spa. I happened to be invited to take a tour and I was quite impressed. Any descriptions you may read just don't capture the unique beauty of this facility. By all accounts, it's probably the nicest in the city -- certainly on par with any of the top luxury hotels. Considering the high quality of the facility and the service, it is a good value. You're going to pay roughly the same just about anywhere -- why not enjoy the best?"

The level of customer service by the Trump staff is not only excellent but it's the goal to which any business should aspire. It's challenging to come up with any complaints -- every tiny detail is perfect and everyone I know who has joined has been pleasantly surprised by the quality and the value."

"I love the Fitness Center at Trump! It is a beautiful facility with great views and friendly staff. The locker room is luxurious and well maintained. I looked at several gyms before choosing this one and have been very happy with my decision."

"From the moment that the hotel doormen elegantly open the door to the hotel to the muted tones of the reception staff's voices, the tranquil experience begins to erase the real world and I enter a world of relaxation. When I walk into the Spa at Trump, I feel as though, I've left all stress and worry outside the door. Becoming a member is really one of the best things I've ever done for my wellness."
